

Soldi Smart Pro

Innovative and discreet – the automatic bank- note detector Soldi Smart Pro with counting function. The LED signal frame and the acoustic warning signal deliver a clear result at the POS. Both signals can be disabled for a discrete check.

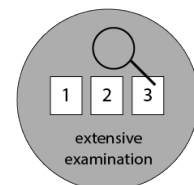

The ideal solution if you:

- are looking for a compact solution for the POS
- want very reliable, fast counterfeit detection
- attach particular importance to a noticeable and clear visual warning signal
- want to use additional functions in addition to the test, e.g. counting function, language setting, eco mode, etc.
